

Tammam Mabroukeh

React JS Developer | Next JS Developer

As a Frontend web developer with expertise in React.js and Next.js, I am driven by my passion for designing appealing interfaces. I worked as a freelancer for one year, I have honed my programming skills in languages like JavaScript. My exceptional communication skills are an added asset to my profile.

Work Experience (FreeLancer)

White-sooq Website (2023)

[Project Link](#)

The site assists users in posting buying and selling advertisements within predefined categories set by the administrator. It also offers a favorites feature to help users keep track of ads they are interested in, a comments section for communication between users, and a search and filtering service to make it easier for users to find what they are looking for quickly. Additionally, a control panel is designed for the administrator to have complete control over all details.

Projects

Netflix Website (2024)

[Project Link](#)

A site similar to Netflix, where the user logs in using Google, GitHub, or email. It contains many movies, displaying the trailer and information for each movie, with the ability to add the movie to favorites and add it to the user list, using (Next.js, TailwindCss, shadcn, prisma, supabase, next-auth, typescript).

E-commerce Website (2023)

[Project Link](#)

An online store that contains many pages such as the products page and the search page in addition to the shopping cart using (React js, Sass, Redux, api).

(It needs a vpn)

Portfolio Website (2022)

[Project Link](#)

[My portfolio](#)

A personal website that contains works, projects, and ways to communicate with the owner of the site using (React js, Css3, Bootstrap, EmailJS)

Crypto-currency Website (2022)

[Project Link](#)

Cryptocurrency website that contains an explanation of digital currencies, in addition to the currency search feature using (React js, Css3, Redux, Rabidapi, TailwindCss).

(It needs a vpn)

Courses

- The complete guide of React.js development on Udemy.
- pro-frontend-engineer-reactjs-typescript-redux on Udemy.
- Many courses on YouTube.

Certificates

ICPC

I participated in the 2023 programming competition.
